## SCHOOLS HOLD AN OPEN HOUSE

Displays of Work For the Year Are Shown in Rooms at the Havens and Graham.

LARGE CROWDS OF VISITORS  
Manual Training and Sewing Classes Exhibit Their Finished Products to Guests.

Havens and Jackson schools held open house today. Havens school rooms followed the regular routine all day, but an air pervaded the school rooms that made one know it was an unusual event. The displays at the Graham school for the inspection of patrons and others interested in school work were only open this afternoon.

The display of manual training work and sewing at the Graham school revealed the zeal with which the pupils of the high school and the seventh and eighth grades have entered into the work of the vocational education department in the first year of its existence.

There are a hundred pieces of wood work exhibits in the manual training room. Many of them are very valuable pieces of furniture, while a few of the pieces are the simpler tasks which the pupils made first. The manual training exhibit represents the work of the boys of 7A, 8B and 8A grades.

Practically all of the work has been done in school. The school furnishes each pupil with fifty cents worth of material during a term, and very few of the boys have used more than that. In cases where more than fifty cents worth is used, the expense is born by the boy.

The pieces are all finished and ready for use. During the year sixty magazine and book racks have been made and most of them are very creditable and speak highly for the work of the instructors, J. H. Scholl and L. B. Smelser, who have taught the class jointly. The boys are first started on necktie, book and towel racks until they develop some individuality. Then they are given the harder pieces to make. In the exhibit are four library tables which would grace any home, so completely are they finished. There are also bird houses, hall racks, footstools and other valuable pieces of household furniture. The finished product is the property of the boy who made it.

The pupils in the domestic science course are from the seventh and eighth grades and the high school. The course is taught by Miss Kate Dennis. The senior girls in the sewing class drafted all of their own patterns, with the exception of those from which waists were made. The senior problems are all hand work and machine, while the problems of the others are machine alone. There are approximately sixty high school girls in the course and from seventy-five to a hundred from the grades.

There are a hundred garments in the display. The showing is counted very creditable from the very fact that each student only devotes one hour a week to the course. There is supposed to be in the exhibit one pieces from each high school pupil in the course, but the display from the grades consists only of the representative pieces.

Miss Dennis hopes to accomplish even more next year. She praises the school board highly for its willingness to buy equipment, which has placed the course on a very satisfactory basis. Two machines have been in use since the first of the year.

Continued on Page 7.

## FOR DEATH OF TWO MULES

L. B. Harris Files \$600 Damage Suit Against P. C. C. & St. L. Roads.

Larry B. Harris has filed suit in the circuit court against the Pittsburgh, Cincinnati, Chicago and St. Louis railway company demanding damages in the sum of \$600. Mr. Harris alleges that through the negligence of the railway company two of his mules were killed and places a value of \$600 on them. The complaint alleges that the railroad failed to provide cattle guards at a crossing near the Ed Lowden farm, southwest of this city, and by carelessness the mules wandered on the track and were killed. The accident occurred November 15, 1913, according to the complaint.

## SEEK TO SHOW FATHER'S PLIGHT

Evidence of Plaintiffs in Guardianship Suit Alleges Alfred Hood Was Cheerful Day of Sale.

## WHEN WIFE'S THINGS SOLD

The case of Hettie Cook and Valeria Dickey for the appointment of a guardian for Alfred Hood continued today in the circuit court. A large number of witnesses have been examined. Most of those introduced by the plaintiffs were neighbors or former neighbors of Mr. Hood. Their evidence was for the purpose of showing the condition of Mr. Hood. One of the things alleged is that on the day Mr. Hood sold his household goods at public sale he appeared to be cheerful despite the fact that the property he was offering for sale contained many things belonging to his late wife.

Several witnesses testified to attending the sale and as to the condition of Mr. Hood on that day. The sale was held two days after his wife was buried.

## WEDDING PLANS HAD BEEN MADE

Allegations of Amended Complaint in Breach of Promise Suit Brought By Anna B. Stites For \$5,000.

## S. M. DENTON IS DEFENDANT

An amended complaint was filed this morning by Anna B. Stites, plaintiff, in the breach of promise suit brought against Samuel M. Denton, the Carthage druggist. The amended complaint sets out more than the original complaint concerning the proposed marriage between the two. Miss Stites wants \$5,000 damages from Denton, alleging that he has not kept his promise to marry her.

The amended complaint states that the date of the wedding was set for December 25, 1913. It is stated that Denton promised to marry her and the wedding was to take place at the home of her parents and that they had agreed to give a reception. In preparation for the marriage she claims to have spent \$100 for new clothes. As a result of Denton not fulfilling his alleged promise, Miss Stites claims she suffered a nervous breakdown and spent \$100 for medical treatment.

## DR. JOHN THOMAS DEAD AT WABASH

Native of Rushville and Son of J. Q. Thomas Expires of Tuberculosis at Sister's Home.

## HIS BODY WILL BE SENT HERE

After Failing to Regain Health in Colorado Springs, Colorado, He Returned to Indiana.

Word was received today of the death of Dr. John Thomas, a native of this city and son of John Q. Thomas of Rushville, at the home of his sister, Mrs. Mabel Carpenter, in Wabash, Ind., yesterday at noon of tuberculosis.

Dr. Thomas, although only twenty-six years of age, was rising rapidly in the medical profession. He went to Colorado Springs, Colorado, nine months ago for the benefit of his health, and he soon completely recovered. He took a trip into old Mexico and through California which so weakened him that he was unable to regain his lost health on his return to Colorado Springs. He became sick while in California.

On his return to Colorado Springs, however, he was able to accept a position as head physician of one of the largest hospitals in Colorado. His health grew worse so that he was compelled to give up the practice of his profession entirely.

The first week in April, convinced that he was not improving in Colorado Springs, Dr. Thomas returned to the home of his father here and remained several days. Later he went to Wabash to visit his sister, but he soon suffered a relapse and was unable to return here.

Dr. Thomas was born and reared on what was formerly the old Thomas homestead at the corner of Harrison and Seventh streets, where the United Presbyterian church and parsonage now stands. The Thomas homestead occupied the ground along Seventh street for the whole block back to Jackson. He went through the grades here and was graduated from the high school in 1905. Immediately entering the Indiana Medical college at Indianapolis, he was graduated with some distinction for excellent work. He took up the practice of medicine in Indianapolis. He married the daughter of an Indianapolis physician.

Dr. Thomas, besides his father here, is survived by his widow, his sister and one brother, Walter Thomas, of Colorado Springs, Colorado. His mother died many years ago.

The body will arrive here from Wabash tomorrow afternoon and the funeral will be held at the J. Q. Thomas home Saturday afternoon at two o'clock. Burial will take place in East Hill cemetery.

Dr. Thoams was a member of the Indianapolis lodge of Knights of Pythias and had taken the first degree in Masonry at Colorado Springs before he returned here.

## CLUB WILL MEET.

The sixth annual session of the Central Indiana Superintendents' will be held in Indianapolis tomorrow. Superintendent J. H. Scholl of this city is a member and will likely attend. The superintendent of the Indianapolis schools has invited all of the members to remain over Saturday to witness the physical training exercises to be given by Indianapolis school children.

A marriage license was issued this morning to Robert E. Lee and Elizabeth Hurst.

## CLUB MEETING OPENED TODAY

Local Delegation Journeys to Richmond to Attend Annual Session of Women's Organizations.

## MAY COME HERE NEXT YEAR

Delegates Were to be Entertained Late Today by Richmond Cycle Club at Foulke Home.

Delegates from the Rushville and Milroy women's clubs which are members of the Sixth District Federation of Women's Clubs journeyed to Richmond today for the annual convention of the district. The local delegation will extend an invitation to the district organization to meet here next year.

Connerville and other county seats were expecting to send big delegations and Brookville and Liberty will have many members the second day. The district president, Mrs. J. M. Hamilton, lives at Brookville.

The convention opened Thursday afternoon with department committee meetings, and music by the Garfield orchestra under the direction of Miss Elizabeth Sands. Department chairmen were to make five minutes reports. Following the business session the delegates were to be entertained on the lawn at the William Dudley Foulke home, with the members of the Cycle club as hostesses.

The evening session will open with music by the high school orchestra. Addresses of welcome will be made by Mayor Robbins and Miss Sarah Hill, for the Richmond federation.

Mrs. E. K. Sowash, of Middletown, will give the responses for the delegates. This will be followed by a historical sketch of Wayne county by Professor Harlow Lindley, of Earlham college.

The convention will close Friday afternoon with reports of chairmen and discussion by the state federation officers. At this session Miss Leona Thomas will play.

## MANY ATTEND

(By United Press.)

Richmond, Ind., May 21.—Large delegations of women from cities in the Sixth congressional district came here today to attend the district convention of the Woman's Federation of Clubs. It is believed that 300 visitors will be entertained here tomorrow.

## A. E. MARTIN NOMINATED

Will Run For Prosecuting Attorney of St. Joseph County.

Alfred E. Martin, of South Bend, formerly of this city, was nominated for prosecuting attorney of St. Joseph county on the Republican ticket at the primary held there Tuesday.

Mr. Martin while here took up the practice of law in the office of Watson, Titworth & Gren and his many friends here are glad that he is meeting with success in South Bend. Mr. Martin is a capable attorney and at the primary just held won in an easy manner showing that he is well liked. Friends here would like to see him elected in November.

## FEDERALS EVACUATE

(By United Press.)

El Paso, Texas, May 21.—The Mexican Federals evacuated Saltillo early today after brief skirmishes according to advices received here at noon.

## J. ED. SMITH IS DIVORCED

Mrs. Martha Smith Gets Decree in Circuit Court Today.

Mrs. Martha Smith was granted a divorce this afternoon by Judge McGee from J. Ed Smith. The case was heard shortly after the noon hour and before the case being heard in court started. Mr. Smith did not appear against Mrs. Smith and the state was represented by Prosecutor Smith. Mrs. Smith alleged cruel and inhuman treatment and failure to provide.

## SCHEME TO BEAT CIVIL SERVICE

Uncovered by Government Agents When Eight Men Prominent in Martin County are Arrested.

## INABILITY IS ADMITTED

So Claims Federal Agents When Four Defendants Got Other Four to Take Examination

(By United Press.)

Indianapolis, May 21.—Eight men prominent in Shoals, Ind., and Martin county were arrested on indictments today by agents of the federal government, charged with complicity in a pretentious conspiracy to defeat the civil service laws. Government agents here say this is the best organized attempt to beat the competitive examination system ever discovered.

The men under arrest are as follows: Samuel Reneker, former rural mail carrier; Harvey E. Dutre school teacher at Mitchell, Ind.; John C. Carters, former deputy internal revenue collector at New Albany; William J. Strange, county assessor of Martin county; Ambrose Strange, his son; J. W. Jackson, editor of the Shoals News; William G. Sherick, county clerk of Martin county; Claud Armstrong railway mail clerk.

The government charged that Reneker; Ambrose Strange, Carters and W. J. Strange applied for positions of revenue collectors subject to examination to be held at New Albany; that they prevailed on Jack Dutre, Sherick, Jackman and Armstrong to impersonate them before the examiners and to take the examination for them.

The line of prosecution will be that the applicants believed themselves unable to pass the examination and that they prevailed upon their friends to act in their stead.

## REPUBLICANS LEAD IN GARY PRIMARY

Returns Indicate That Vote is Almost

Double That of the Democrats

Yesterday.

## PROGRESSIVE VOTE IS 414

(By United Press.)

Gary, Ind., May 21.—Though complete returns will not be in until tonight, it was evident today that the Republicans rank first in the primary held here yesterday. The Democrats were in second place and the Progressives third. Partial returns show 5,100 Republicans, 2,255 Democrats and 414 Progressives voting.

## REPUBLICAN SECOND

(By United Press.)

South Bend, Ind., May 21.—Democrats ranked first in the county primaries here, according to complete returns which were made today. They cast 4,180, Republican cast 1,559 and Progressives 836.

## PROGRESSIVE VOTE LIGHT.

(By United Press.)

Evansville, Ind., May 21.—Democrats have 3,853 votes in the primaries here. The Republican vote was less than 2,500 and the Progressive vote less than 300.

The Hudson bay traffic is expanding constantly. The number of vessels entering that water last year was greater than ever before.

## "Stop Thief"

One of the most important commodities in the world is TIME.

To waste time is to neglect opportunity. One of the greatest time savers in the world is advertising in the daily newspaper.

It puts the world's work before you at a glance and makes it possible for you to decide your problems without wasting hours in looking around.

It is the short cut to supplying your wants.

The advertising is everlasting crying out to the time wasters the warning "STOP THIEF!"

# Floor Coverings--Draperies

Our pronounced success in this department this season, is a source of gratification to us, and a positive proof of the high quality and character of our carefully selected patterns, colorings and designs. To those who have not yet supplied their needs in Rugs, Linoleums, Mattings, Fillers, Oil Cloths, Lace Curtains, Fancy and Plain Curtain yardage, and Silk Drapery yardage, we extend a cordial invitation to visit this department and become convinced of its merits as others have already done.

## If You Were Indicted for Murder---

would you care to be tried before a jury whose minds were on other affairs and who would not listen to your testimony? The chances are you would want men who would give their whole attention to your case. You may never be tried for murder but the same proposition applies to every business transaction you make. When you want to buy an article go to the man that specializes that article. Now for instance if you need a vehicle of any kind—that is where I ring in. That is why I can give you better vehicle values, better styles and better service. My whole time and attention is centered on one thing. Every day in the year, Mr. Vehicle Buyer, I am working to obtain better prices and better style for you to make your selections from. Place your business with a man who creates new styles and is working at the business every day to give you satisfaction. I want your vehicle business and don't you think it is a better proposition to place it with me than with some one that is selling buggies as a side issue?

**WILL SPIVEY at Oneal Bros.**

automaton mated him in a few moves. It will avail nothing to say "statistics are always false—all statisticians are liars." The fact is before us that the defectives are increasing faster than the population. Society can either break itself against that rock or take cognizance of it and remain whole.

In the last twelve years, the duration of life of the insane, on account of our care, has increased eight years. We now have in Indiana about 6,000 insane under public care, and eight years added to the life of each one means 48,000 years of extra burden. Consider with this the further fact that since 1867 the ratio of the insane to population has increased from 1 in 1600 to 1 in 350, and it is plain that taxes must go higher if we continue in the course which increased the number and the length of life and these dependents. We fortunately could find no cure for yellow fever, and so we searched out its prevention. We are searching for a cure for human defectiveness, and there is no such thing. We must prevent the defective. It is the only way to purge him from the race.

The pity and sympathy which so fills the human heart impells us kindly to care for the protect the defective, but we make the mistake of only one half fulfilling the behest of these virtues. It is a pity that the defective exists, and as all our doctoring and other care only smooth his useless and frequently painful life a very little that same pity commands his prevention. We must prevent the defective or society will break down under the strain and finally the race will be destroyed. Sentiment and feeling also command the prevention of the unfit. We will certainly come to it some day or else we perish.

Without doubt, the biggest matter before the business men of today is the business of preventing defectives and preventing sickness and disease. If the business men don't take hold of the matter, then up go the taxes and down go the efficiency and strength of the human race.

The doctor points out the trouble and prescribes the cause and how to prevent it, and it is the business of the business men to attend to the good business of preventing.

## SAYS BUSINESS MEN CAN HELP

Dr. Hurty Declares That Race Will be Destroyed Unless Insanity is Prevented.

### INCREASES VERY FAST

No Curb For Defectives But he Declares There is a Preventative —Means Higher Taxes.

### HEALTH PROGRAM.

We fortunately could find no cure for yellow fever, so we searched out its prevention.

Either prevent the defective or society will break under the strain and the race will be destroyed.

The business of the business man is to tend to the good business of preventing.

Indiana has 6,000 insane. In twelve years the average life of each has increased 8 years, making a total of 48,000 years.

(Dr. Hurty, writing for the United Press, tells the menace of the insane and other defectives. In a forthcoming article he will tell in plain language how to put aside this menace.—Editor's note)

Indianapolis, Ind., May 21.—Stating that society will break down under the strain and that the race will be destroyed unless the defective (insane) is prevented, Dr. J. N. Hurty, state health commissioner, calls upon business men to do the prevention work. He cites statistics to show that insanity, pauperism, and feeble-mindedness are increasing at a more rapid rate than the population and shows an enormous increase in taxes because of the good care taken of insane, lengthening their lives. He writes for the United Press:

BY JOHN N. HURTY.

(State Health Commissioner.)

Our present method of conducting affairs can only end in higher and still higher taxes. Insanity, crime, pauperism and feeble-mindedness are increasing at a more rapid rate than the population.

The statistics which prove this fact cannot be brushed aside as Napoleon did the chessmen when the

automaton mated him in a few moves. It will avail nothing to say "statistics are always false—all statisticians are liars." The fact is before us that the defectives are increasing faster than the population. Society can either break itself against that rock or take cognizance of it and remain whole.

In the last twelve years, the duration of life of the insane, on account of our care, has increased eight years. We now have in Indiana about 6,000 insane under public care, and eight years added to the life of each one means 48,000 years of extra burden. Consider with this the further fact that since 1867 the ratio of the insane to population has increased from 1 in 1600 to 1 in 350, and it is plain that taxes must go higher if we continue in the course which increased the number and the length of life and these dependents. We fortunately could find no cure for yellow fever, and so we searched out its prevention. We are searching for a cure for human defectiveness, and there is no such thing. We must prevent the defective. It is the only way to purge him from the race.

The pity and sympathy which so fills the human heart impells us kindly to care for the protect the defective, but we make the mistake of only one half fulfilling the behest of these virtues. It is a pity that the defective exists, and as all our doctoring and other care only smooth his useless and frequently painful life a very little that same pity commands his prevention. We must prevent the defective or society will break down under the strain and finally the race will be destroyed. Sentiment and feeling also command the prevention of the unfit. We will certainly come to it some day or else we perish.

Without doubt, the biggest matter before the business men of today is the business of preventing defectives and preventing sickness and disease. If the business men don't take hold of the matter, then up go the taxes and down go the efficiency and strength of the human race.

The doctor points out the trouble and prescribes the cause and how to prevent it, and it is the business of the business men to attend to the good business of preventing.

### Pennsylvania Lines Trains Changed.

#### BARNs FIRED; HORSES KILLED

She Tells Jury Dr. D. V. Wolfe, Her Employer, Compelled Her to Play Part She Did.

Washington, Ind., May 21.—From the testimony offered by Miss Annie E. Kutter, the state apparently sprang its star witness in the case against Dr. D. V. Wolfe, Perry Drake, A. M. Perkins and Van Allen, accused of arson.

Miss Kutter for several years was housekeeper for Dr. Wolfe. She not only implicated the veterinary surgeon in the burning of barns and the killing of animals, but also accused Mrs. Perry Drake, of Sullivan county, and upon the witness stand, amid tears, confessed she had destroyed animals herself.

Miss Kutter said that a day or so before the Allan fire, upon which the present case is based, Dr. Wolfe brought a bundle of candles to his home, saying they were for experimental purposes at the Allan barn. Allan and Wolfe marked the candles by inches and timed the burning.

Then, according to the witness, they were set and Wolfe went to Terre Haute, after leaving instructions to call him when she learned of the blaze, which was done, she said. After the fire Wolfe told the witness, according to her statement, that he was to get \$1,700 for his part. She told of helping Wolfe kill three other animals, from which she said he obtained more than \$2,000 insurance.

A house owned by Wolfe was fired by Miss Kutter, she testified, and the doctor received \$475 from a \$500 policy.

### Same Old Story.

In the primaries in St. Joseph county, the result, as far as the Progressive party is concerned, was the same as in other counties in Indiana, where primaries have been held this year—the vote dwindled at an alarming rate. In 1912, 5180 votes were cast for Albert J. Beveridge for Governor, from this county, and 3094 were cast for the Republican candidate. In the primary Tuesday the Republican vote was more than double the vote cast for the Progressive candidates.

In Olive township, St. Joseph county, at the primary not a single Progressive vote was cast. In this township in 1912 there were over one hundred Progressive votes. In this township in 1912 the Republicans cast fifty votes. In the primary 208 votes were cast for the Republican candidates, this week.

The total vote in the St. Joseph county primary of all parties was very light. It is estimated that there are approximately 21,000 voters in this county. Of this number, only about 6,000 took part in the primary.

"The result of the primary is very gratifying, indeed, to the Republicans of St. Joseph county," said Gilbert H. Elliott, Republican county chairman, today. "Although the Republican vote in this county in 1912 was but little more than half that cast for the Progressive candidates, the Republicans in the primary yesterday was more than twice as large as the Progressive vote. Outside of one

ward in the city of South Bend and the city of Mishawaka the Progressive made miserable showing. They had predicted that they would make a grand showing all over the city of South Bend. However, the figures tell a different tale. The Republicans of this county are active and from this time until election day they will make things hum."

### TARIFF NOT COSTLY EITHER

**New Law Causes Loss to United States of \$63,000,000 in Month.**

Washington, May 21.—Armed with tables of figures, Senator Smoot of Utah today told the Senate that the total loss to the commerce of the country in the month of April as a result of the passage of the Underwood tariff law had been \$63,000,000. He based this, he said, on reports as to increased importation. He said this was at the rate of \$766,000,000 loss a year.

# MAY NOT STOP ANNUAL EVENT

School of Instruction For State Militia Will be Held Unless There is War.

JUNE 22 TO JUNE 26 INCLUSIVE

Many New Features Added to This Year's Program According to Announcement Made Today.

(By United Press)

Indianapolis, May 21.—Unless there is a war with Mexico, the annual school of instruction, for officers of the state militia, with several new features, will be held at Fort Benjamin Harrison, June 22 to 26 inclusive. Over 150 officers will be here at that time, according to announcement by Adjutant General Bridges today.

Date for the annual national guard encampment has not yet been set. It has been delayed by the Mexican trouble. The date will be set by the war department, and Bridges says there is a desire to avoid the encampment if mobilization orders are to be issued later. With the crisis gradually subsiding, it is the general opinion now that the date for the encampment will be set soon.

More properly speaking, it will be a maneuver camp this year. Every second year the encampment is under charge of the war department and on that year is called a maneuver camp. The encampment last year was held about July 1.

The officers who must attend are colonels, majors, captains, lieutenants, first sergeants and quartermaster sergeants of the infantry regiments. They will receive exactly the same treatment privates receive during the regular encampment—will be mustered into four companies, drilled and disciplined with the end in view that they may be more efficient in the conduct of their duties as officers.

Reveille will be sounded at 5:55 o'clock. Twenty minutes will be given for dressing, and then comes breakfast, sharp at 6:15. The officers will be under practical instruction of drill from 7 to 11:45 a. m. and from 1 to 9 p. m., and the drill "will be no snap."

Among the new features this year will be the presence of a "school for cooks." Fred W. Jessup of Frankfort, Ind., who was recently sent to Fort Riley for six weeks of instruction as army cook, and who stood at the head of the efficiency list there, will be in charge of the cooks at the officers' school. He will himself be under a commissary officer. These cooks will cook for the officers, and their drill in this department will be as strict as that of the officers in theirs, for they are to return to their companies and battalions. There are two cooks to a company and eight to

a battalion. There will be nine cooks at the school.

Major N. F. McClure of the Fifty cavalry is the officer tentatively selected to be chief instructor of the school.

Probably for the first time, the artillery companies will attend the state maneuver camp at Fort Harrison. The reason for this is that the artillery camp to have been held at Fort Riley has been called off. This action was taken because so many officers were at the Mexican frontier that not enough were left to serve as instructors for the artillerymen. General Bridges said that this school was not an exception. Very many similar schools have been postponed or discontinued altogether this season because of the Mexican crisis, he said.

If the maneuver camp is held, the recently reorganized signal corps and the hospital corps, together with the artillery from Fort Wayne, Indianapolis and Rockville probably will be here.

# SEVENTY CHILDREN ENTER THE CONTEST

Will Try For Prizes Offered by Chamber of Commerce For Best Appearing Yards May 30.

### PROMOTERS ARE ENCOURAGED

L. B. Smelser, secretary of the Chamber of Commerce, announced today that seventy children had entered the prize contest for the best appearing yards arranged by the Chamber of Commerce. J. H. Scholl, superintendent of the public schools, had charge of the entry list. The prize of three dollars, two dollars and one dollar will be awarded Decoration Day.

General orderliness will be the prime thing taken into consideration by the judges. The back yard as well as the front yard and lawn will be viewed by the judges and all considered in awarding the prize. The promoters of the contest feel very much encouraged because so many children have taken interest enough in the event to enter. The judges will go about the city in automobiles May 30, and see all of the entries.

### Card of Thanks.

To the many kindhearted friends, who in the hour of my bitter affliction sent so many and such beautiful tokens of consolation and esteem I most gratefully tender my heartfelt thanks and pray that a merciful Providence will save them from such awful calamity as befell me and my little ones in the sudden death of a husband and father and may our heavenly Father have you always in His keeping.

## USING MAYR'S STOMACH REMEDY

Charles Inman Able to go to Work After Operation Was Advised.

Charles Inman, 424 East Chestnut Street, Hartford City, Ind., was desperately ill. He was advised to go to Fort Wayne for an operation.

Then he took Mayr's Wonderful Stomach Remedy and in a short time was able to go back to work. In a letter he said:

"My disease started seven years ago. I had to give up and go to bed. Four doctors said they could not cure me unless I went to Fort Wayne to be operated on, and that it would cost \$150 or \$200. My daughter saw your advertisement and I took your treatment. In three weeks I went to work and haven't missed but one-half day since from sickness. It surely saved my life."

Similar stories of health restored are told in letters from people all over the United States. Mayr's

Wonderful Stomach Remedy is known everywhere. The first dose proves—no long treatment

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and removes poisonous matter. It brings swift relief to sufferers from ailments of the stomach, liver and bowels. Many declare it has saved them from dangerous operation and many are sure it has saved their lives.

Because of the remarkable success of this remedy there are many imitators, so be cautious. Be sure it's MAYR'S. Go to Frank E. Wolcott's drug store and ask about the wonderful results it has been accomplishing—or send to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting street, Chicago, Ill., for free book on stomach ailments and many grateful letters from people who have been restored. Any druggist can tell you its wonderful effects.

## EASTERN TEAMS INVADE WEST

Several Things in Baseball May be  
Solved on First Trip Around  
Circuit in National.

### GIANTS ARE TUNED FOR TOUR

Detroit Tigers Also Face Harder Battles in Eastern Cities But Are  
Going Good.

(BY HAL SHERIDAN.)  
(Written for United Press.)

New York, May 21—By the time we are ankle, knee or waist deep in June there may be several things which have gone unanswered in May that may begin to show signs of solution. The National League teams are more or less up to their necks in their first Western invasion, while the American League forces of the West are trailing over the sodden fields of the East.

Up to and including this point west has met West and East East, but when the intersectional clashes scamper along a real size up of the situation begins to shape itself into a sort of form that permits the dopesters to use up yards of paper in figuring, and then find in October that their figures were worth just about as much as the paper they scribbled on.

Insofar as National league matters are concerned Manager McGraw expects to return to the Polo Grounds in June looking much better, pannily speaking, than he did when he started his Western trip. When McGraw hit Pittsburgh the Pirates had won 15 games and lost 4, which indicates considerable ball playing.

Clark's crew, however, had been tossing with the late lamented Chicago Cubs, St. Louis and Cincinnati. McGraw had had the scrapping Phillies, Wilbert Robinson's Brooklyn Dodgers and Boston to argue with. Now the tables have been switched. If they keep the bit in their teeth and continue their dash over the prostrate forms of the Eastern teams during this session as they did over the Western half of the circuit, it will be a long hard chase before they are caught.

McGray has Mathewson, Tesreau, Marquard and Damaree, the big Four" tuned for this Western tour and expects to deliver. He figures on the Pirates getting on the receiving end of several hard, solid wallops before they are through with the Eastern bunch. It is, so far as any one is able to figure out, largely a matter of Clark's pitchers continuing to come through. McQuillen, the come-back, has borne the brunt of the pastime of standing opposing batsmen on their heads so far. Lurking in the back-ground Clark has Bob Harmon, too, who has shown but little during the early period. When the sun begins to boil down, however, and Harmon loosens up he should be a big help.

Harmon has been guilty of pitching some rattling games and with the support the Pirates assure a boxer, to say nothing of some effective sticking on the side, the ex-Cardinal may yet come along with Mowry and Koney and live down the fact that he played in St. Louis.

With Detroit still setting the pace for the American League as this switch in the line of battle occurred,

Jennings also faced a stiffer fight to keep to the fore. Instead of the St. Louis Browns, White Sox and Cleveland Naps, the Tigers have had nothing to worry about except the wild and untamed Yanks or Frank Chance, Walter Johnson, Boehling the Boston Braves and a team in Philadelphia known as the Athletics.

That's all they have had to fear during their first Eastern trip in the tussle to keep in the lead. If Walter Johnson doesn't kill some of the batters maybe the Mackians artillery will also spare a fielder or two and Jennings will get back to Detroit and the West in the same spot with the other teams holding the balance in the percentage column.

When Connie Mack decides to land marines, however, occupy first place and declared martial law it will take sniping from the entire league to dislodge him. If Jennings is able to jump in and cop the customs house during the firing, then it may be another story, but that is on ahead and why swim a river when the troops will soon be along with pontoon bridges.

Those Feds are the sluggish sluggers in captivity. Organized baseball magnates say it looks like they have great batting only because the pitching is so poor, but whatever the reason may be they have sure done some slugging.

In 125 games the Fed teams have driven out 48 home runs and enough doubles and three baggers, for 458 extra bases. They nailed out a total of 1,121 base hits. The National League in 120 games drove out 939 hits, good for 317 extra bases and including 24 home run swats. The American League trails in this swatting comparison, having driven out only 1,064 hits in 140 games. For this stretch Ben Johnson's outfit slammed for 110 extra bases, including 12 home runs in the collection of knocks.

## TRACK MEET WILL BE HELD FRIDAY

Five Teams Will Compete at Fair  
Grounds in Shelbyville—Event  
Postponed Once.

### LITTLE HOPE FOR LOCAL TEAM

The track meet of the Central Indiana High School league will be held in Shelbyville Friday afternoon. The meet was to have been held there in connection with the oratorical contest May 8, but on account of the weather it was postponed. Five schools will be represented at the track and field meet, they being Shelbyville, Rushville, Greenfield, and Greenwood. Sheridan was in the association but withdrew its entries from the meet.

The Rushville team has little hope of winning the event but hopes to make a god showing. The boys have been working daily and considerable interest is being shown. Several high school students from the local school will accompany the team to Shelbyville.

The team from the local school will be composed of seven men. In the sprints, Jas. Shanahan, Osro Farthing and Merrill Wilson have been entered. Stacy Hinkle, James Laughlin and Hershel Schmall are the distance runners and the weight events will be taken care of by Charles Frazier, Hinkle and Farthing. Shanahan, Hinkle, Farthing and Wilson have been entered in the jumps. A relay team may be entered. The merchants of Shelbyville have donated fine gold, silver and bronze medals for the winners.

### HARD GAME FOR RED SOX.

The Connersville Alligators will be the attraction at Arlington Sunday meeting the fast Red Sox team of that place. Manager Kennedy of the Red Sox is expecting a hard game. Cooley will pitch for Connersville and Orme will be in the box for Arlington.

### MANY QUAIN'T TOUCHES MAKE THE SUMMER FROCK DISTINCTIVE

Sheerness, small patterns, quaint figures and flowers, a few stripes and various combinations of cotton and silk is the recipe after which most of the summer frocks are fashioned as far as materials are concerned. However, there are numberless effective touches that may be added to give distinction; there is the Japanese collar in various degrees of flare, chemisettes and frills and cleverly arranged girdles and sashes, to say nothing of the numberless other styles. The afternoon frock shown in number 8353 is developed in a flowered cotton crepe de Chine and the chemisette is of organdy. This dress may be copied in size 36, with 4½ yards of 36-inch material.

Most of the new cottons are wide, averaging 38 to 40 inches; in price they range from 75 cents and up.

One of the most favored neck arrangements is shown in number 8365-8366; the bodice is cut in raglan effect and the neck is cut low on the shoulders with a small standing collar of black. Dark blue crepe de Chine forms the bodice and skirt and the frills are of black taffetas. It requires 2 yards of 36-inch material to make this blouse in size 26; the skirt requires 3½ yards of the same width.

Number 8353 sizes 34 to 42.  
Number 8365 sizes 34 to 44.  
Number 8366 sizes 22 to 32.  
Each pattern 15 cents.

To obtain either pattern illustrated fill out this coupon and enclose 15 cents in stamps or coin. Be sure to state number of pattern and size, measuring over the fullest part of the bust. Address Pattern Department, care of this paper.

## EXPECT RADICAL CHANGE TO COME

Reorganization of Home Missionary

Board of Presbyterian Church  
Looked For Soon.

800 DELEGATES ATTEND

Interest in Election of Moderator to Succeed the Rev. J. T. Stone—Politics Played.

(By United Press.)

Chicago, Ill., May 21.—A radical reorganization of the home missionary board of the Presbyterian General Assembly was the chief discussion among the 800 odd delegates who arrived in Chicago today from all sections of the United States and a number of foreign countries. In addition to the plans for entertaining the certified representatives, arrangements were also made to provide for the reception of 700 other visitors expected to attend the assembly, which is to be in session for ten days.

Insurgents in the Presbyterian church are determined to reorganize the home missionary board so that it will be of more service, according to Oliver R. Williamson, in charge of the general arrangements for the assembly, which is being held at the Fourth Presbyterian church, the pastorate of Rev. John Timothy Stone, the retiring moderator. The claim has been made, Williamson states, that the home missionary board has become so centralized, and so institutionalized that the churches and home missions field has had no voice in the policies of the church. It is to correct this condition, that the progressive element in the assembly wishes to overhaul that body.

"For years," said Williamson, "a certain element in the church has foreseen that the Presbyterian policy of establishing missions on the frontier in this country is a mistaken program. This country has outgrown its 'frontier.' The opportunity for missions in this day and age lies in a social service department, not on the frontier, geographically, but on the firing line socially. Night schools to educate the immigrant, organized efforts to relieve distress in our local neighborhoods, and similar activities constitute the cause for which the progressive members are working.

"Opposed to this faction, is the conservative element, to be found in

### HAVE YOU A CHILD?

Many women long for children, but because of some curable physical derangement are deprived of this greatest of all blessings.

The women whose names follow were restored to normal health by Lydia E. Pinkham's Vegetable Compound. Write and ask them about it.

"I took your Compound and have a fine, strong baby." — Mrs. JOHN MITCHELL, Massena, N. Y.

"Lydia E. Pinkham's Vegetable Compound before child-birth, it has done so much for me." — Mrs. E. M. DOERR, R. R. 1, Conshohocken, Pa.

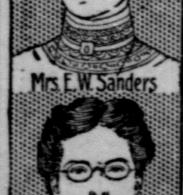

"I highly recommend Lydia E. Pinkham's Vegetable Compound before child-birth, it has done so much for me." — Mrs. E. M. DOERR, R. R. 1, Conshohocken, Pa.

"I took Lydia E. Pinkham's Vegetable Compound to build up my system and have the dearest baby girl in the world." — Mrs. MOSE BLAKELEY, Imperia, Pa.

"I praise the Compound whenever I have a chance. It did so much for me before my little girl was born." — Mrs. E. W. SANDERS, Rowlesburg, W. Va.

"I took your Compound before baby was born and feel I owe my life to it." — Mrs. WINNIE TILLIS, Winter Haven, Florida.

## A Cordial Invitation

Full particulars daily at the Baking School. Come and get the latest and best methods and recipes; bring your friends and enjoy a profitable and pleasant afternoon.

Every Day Beginning at 2 P. M.

**Calumet Baking Powder Company, Chicago, Ill.**

any church or organization, who look askance at such a forward step and are hostile to any move made toward allowing the churches and home missions a voice in the direction of their affairs. However, I believe that at this assembly, the situation will be thoroughly canvassed, and the majority of the delegates found lined up with those who have agitated a reorganization of the home mission board."

At this session the 126 held by the Presbytery of this country it is expected that the way will be paved for the Rev. E. P. Hill, of the McCormick Theological Seminary, Chicago, to succeed the veteran secretary of the home missionary board, the Rev. Charles L. Thompson who, it is reported, will retire in June. Dr. Hill admitted today that he had been approached on the subject of filling Dr. Thompson's place, when the latter resigns.

There is widespread interest in the election of a moderator to succeed the Rev. J. T. Stone. For many years various parties and groups have gone to the assembly with vigorous political campaigns for the election of particular candidates. But at last year's assembly at Atlanta, Ga., a sudden reaction came from this political mire pulling, and since that rebuke was administered, delegates said today, there have been no open moves made by any group to "put over" a certain candidate. The delegates today were scanning the list of commissioners in search of available material for the highest office within the gift of the church.

Women purrs are now employed on some of the Hudson river boats.

Mrs. Frances Hurst of Knights-town is the guest of her daughter, Mrs. William Morris.

Mr. and Mrs. Elmer Wynn spent the week end with relatives in Harrison, Ohio.

Mrs. Catherine Kirkwood, Mrs. Sarah Rustin and Miss Emily Daubenspeck took dinner with Mrs. Florence Wynn Tuesday.

Mrs. Emma Smith and son Dolores of Rushville spent the week end with Miss Blanche Foster.

**SCHOOLS HOLD AN OPEN HOUSE**

Continued from Page 1.

There is no display of cooking as the laboratory was closed two weeks ago.

A cloud of dust greeted a Republican reporter this morning as he approached the building. It was made by some of the industrious boys of the Havens building who were preparing for the visitors. They were very anxious to be on dress parade. The interior of the buildings, both the large halls and in the rooms, was delightfully decorated with spring flowers. The sweet odor of the flowers pervaded the whole building.

Visitors at the Havens not only enjoyed the exhibit of the year's work but heard many of the recitations. In Miss Elizabeth Waite's room where the children of the primary grade are taught, there were some excellent examples of work accomplished. The matting pieces were especially well done. Miss Waite furnished the designs but Claude Jones, one of the pupils, completed a piece from an original design which was a revelation to the teacher as well as to all of the visitors who today witnessed it. There were also examples of paper folding and mountings and printing.

The noteworthy feature of the display in room No. 2 A, taught by Miss May Meredith, the school principal, was a display of water color work. This adorned the walls of the room. There were also examples of writing, paper folding and crayon work.

The water color work was also a prominent feature of room No. 2B, taught by Miss Edith Hiner. Little pieces of furniture made of paper were also cleverly executed by the children of this room. Crayon work and cut-out pieces were also made by Miss Hiner's pupils and displayed to advantage.

In Miss Georgia Morris' room, No. 4, some fine examples of sewing were on display. The girls of the room have made many sorts of useful things, all of which received the compliments of the visitors today. There were also examples of water color work.

The matting pieces were the dominant part of the display in Miss Katherine Petry's room, No. 3. Miniature floor mats and other designs were exhibited. The pupils have shown fine examples of writing, crayon and water color work.

The wood work display in room No. 5, taught by Miss Belle Forsythe was the attractive part of the display there. The individual exhibits showed ability among the boys of the room.

There were also displays of other things done during the year.

## POSED AS ADVANCE AGENT; GOT \$20

Today Columbus Police Are Looking For John S. Walsh Who Asserted he Was U. S. Cavalryman.

## HE PASSES A BOGUS CHECK

(By United Press.)

Columbus, Ind., May 21.—The police today were looking for John S. Walsh, who wore the uniform of a United States soldier, claimed to be a lieutenant in the Third United States cavalry and asserted he was acting as advance agent for a hundred cavalrymen who were on a hike from Texas City, Texas, to Fort Benjamin Harrison, near Indianapolis. He cashed a bogus check for \$20 which caused the police to be set on his trail.

Walsh came into town last night and acted like a regular soldier. He ordered a big batch of supplies for the alleged hundred cavalrymen who were expected to arrive here some time today and spend a few hours in Columbus. Advices from Indianapolis are to the effect that no such hike as described by Walsh is being made. He used the assistant postmaster to help him in cashing the check.

## CARL VANDERGRIFT

Crack Infield Utility Man With the Hoosier Feds.

Carl Vandergrift, former second baseman for the Fort Wayne team of the Central League, who was a member of the pennant winning Indianapolis club of the Federal League last year, was retained by Manager "Whoa Bill" Phillips of the Hoosiers this year because of his wonderful ability to play inside ball. Vandergrift recently joined the Phillips squad, having come from South Carolina, where he was coaching a college baseball team.

## SCHOOLS HOLD AN OPEN HOUSE

Displays of Work For the Year Are Shown in Rooms at the Havens and Graham.

### LARGE CROWDS OF VISITORS

Manual Training and Sewing Classes Exhibit Their Finished Products to Guests.

Havens and Jackson schools held open house today. Havens' school rooms followed the regular routine all day, but an air prevailed the school rooms that made one know it was an unusual event. The displays at the Graham school for the inspection of patrons and others interested in school work were only open this afternoon.

The display of manual training work and sewing at the Graham school revealed the zeal with which the pupils of the high school and the seventh and eighth grades have entered into the work of the vocational education department in the first year of its existence.

There are a hundred pieces of wood work exhibits in the manual training room. Many of them are very valuable pieces of furniture, while a few of the pieces are the singular tasks which the pupils made first. The manual training exhibit represents the work of the boys of 7A, 8B and 8A grades.

Practically all of the work has been done in school. The school furnishes each pupil with fifty cents worth of material during a term, and very few of the boys have used more than that. In cases where more than fifty cents worth is used, the expense is born by the boy.

The pieces are all finished and ready for use. During the year sixty magazine and book racks have been made and most of them are very creditable and speak highly for the work of the instructors, J. H. Scholl and L. B. Snelser, who have taught the class jointly. The boys are first started on necktie, book and towel racks until they develop some individuality. Then they are given the harder pieces to make. In the exhibit are four library tables which would grace any home, so completely are they finished. There are also bird houses, hall racks, footstools and other valuable pieces of household furniture. The finished product is the property of the boy who made it.

The pupils in the domestic science course are from the seventh and eighth grades and the high school. The course is taught by Miss Kate Dennis. The senior girls in the sewing class drafted all of their own patterns, with the exception of those from which waists were made. The senior problems are all hand work and machine, while the problems of the others are machine alone. There are approximately sixty high school girls in the course and from seventy-five to a hundred from the grades.

There are a hundred garments in the display. The showing is counted very creditable from the very fact that each student only devotes one hour a week to the course. There is supposed to be in the exhibit one pieces from each high school pupil in the course, but the display from the grades consists only of the representative pieces.

Miss Dennis hopes to accomplish even more next year. She praises the school board highly for its willingness to buy equipment, which has placed the course on a very satisfactory basis. Two machines have been in use since the first of the year.

Continued on Page 7.

## FOR DEATH OF TWO MULES

L. B. Harris Files \$600 Damage Suit Against P. C. C. & St. L. Roads.

Larry B. Harris has filed suit in the circuit court against the Pittsburgh, Cincinnati, Chicago and St. Louis railway company demanding damages in the sum of \$600. Mr. Harris alleges that through the negligence of the railway company two of his mules were killed and places a value of \$600 on them. The complaint alleges that the railroad failed to provide cattle guards at a crossing near the Ed Lowden farm, southwest of this city, and by carelessness the mules wandered on the track and were killed. The accident occurred November 15, 1913, according to the complaint.

## SEEK TO SHOW FATHER'S PLIGHT

Evidence of Plaintiffs in Guardianship Suit Alleges Alfred Hood Was Cheerful Day of Sale.

### WHEN WIFE'S THINGS SOLD

The case of Hettie Cook and Valeria Dickey for the appointment of a guardian for Alfred Hood continued today in the circuit court. A large number of witnesses have been examined. Most of those introduced by the plaintiffs were neighbors or former neighbors of Mr. Hood. Their evidence was for the purpose of showing the condition of Mr. Hood. One of the things alleged is that on the day Mr. Hood sold his household goods at public sale he appeared to be cheerful despite the fact that the property he was offering for sale contained many things belonging to his late wife.

Several witnesses testified to attending the sale and as to the condition of Mr. Hood on that day. The sale was held two days after his wife was buried.

## WEDDING PLANS HAD BEEN MADE

Allegations of Amended Complaint in Breach of Promise Suit Brought By Anna B. Stites For \$5,000.

### S. M. DENTON IS DEFENDANT

An amended complaint was filed this morning by Anna B. Stites, plaintiff, in the breach of promise suit brought against Samuel M. Denton, the Carthage druggist. The amended complaint sets out more than the original complaint concerning the proposed marriage between the two.

Miss Stites wants \$5,000 damages from Denton, alleging that he has not kept his promise to marry her.

The amended complaint states that the date of the wedding was set for December 25, 1913. It is stated that Denton promised to marry her and the wedding was to take place at the home of her parents and that they had agreed to give a reception. In preparation for the marriage she claims to have spent \$100 for new clothes. As a result of Denton not fulfilling his alleged promise, Miss Stites claims she suffered a nervous break down and spent \$100 for medical treatment.

## DR. JOHN THOMAS DEAD AT WABASH

Native of Rushville and Son of J. Q. Thomas Expires of Tuberculosis at Sister's Home.

### HIS BODY WILL BE SENT HERE

After failing to Regain Health in Colorado Springs, Colorado, He Returned to Indiana.

Word was received today of the death of Dr. John Thomas, a native of this city and son of John Q. Thomas of Rushville, at the home of his sister, Mrs. Mabel Carpenter, in Wabash, Ind., yesterday at noon of tuberculosis.

Dr. Thomas, although only twenty-six years of age, was rising rapidly in the medical profession. He went to Colorado Springs, Colorado, nine months ago for the benefit of his health, and he soon completely recovered. He took a trip into old Mexico and through California which so weakened him that he was unable to regain his lost health on his return to Colorado Springs. He became sick while in California.

On his return to Colorado Springs, however, he was able to accept a position as head physician of one of the largest hospitals in Colorado. His health grew worse so that he was compelled to give up the practice of his profession entirely.

The first week in April, convinced that he was not improving in Colorado Springs, Dr. Thomas returned to the home of his father here and remained several days. Later he went to Wabash to visit his sister, but he suddenly suffered a relapse and was unable to return here.

Dr. Thomas was born and reared on what was formerly the old Thomas homestead at the corner of Harrison and Seventh streets, where the United Presbyterian church and parsonage now stands. The Thomas homestead occupied the ground along Seventh street for the whole block back to Jackson. He went through the grades here and was graduated from the high school in 1905.

Immediately entering the Indiana Medical college at Indianapolis, he was graduated with some distinction for excellent work. He took up the practice of medicine in Indianapolis. He married the daughter of an Indianapolis physician.

Dr. Thomas, besides his father here, is survived by his widow, his sister and one brother, Walter Thomas, of Colorado Springs, Colorado. His mother died many years ago.

The body will arrive here from Wabash tomorrow afternoon and the funeral will be held at the J. Q. Thomas home Saturday afternoon at two o'clock. Burial will take place in East Hill cemetery.

Dr. Thomas was a member of the Indianapolis lodge of Knights of Pythias and had taken the first degree in Masonry at Colorado Springs before he returned here.

### CLUB WILL MEET

The sixth annual session of the Central Indiana Superintendents' will be held in Indianapolis tomorrow. Superintendent J. H. Scholl of this city is a member and will likely attend. The superintendent of the Indianapolis schools has invited all of the members to remain over Saturday to witness the physical training exercises to be given by Indianapolis school children.

A marriage license was issued this morning to Robert E. Lee and Elizabeth Hurst.

## CLUB MEETING OPENED TODAY

Local Delegation Journeys to Richmond to Attend Annual Session of Women's Organizations.

### MAY COME HERE NEXT YEAR

Delegates Were to be Entertained Late Today by Richmond Cycle Club at Foulke Home.

Delegates from the Rushville and Milroy women's clubs which are members of the Sixth District Federation of Women's Clubs journeyed to Richmond today for the annual convention of the district. The local delegation will extend an invitation to the district organization to meet here next year.

Connersville and other county seats were expecting to send big delegations and Brookville and Liberty will have many members the second day. The district president, Mrs. J. M. Hamilton, lives at Brookville.

The convention opened Thursday afternoon with department committee meetings, and music by the Garfield orchestra under the direction of Miss Elizabeth Sands. Department chairmen were to make five minutes reports. Following the business session the delegates were to be entertained on the lawn at the William Dudley Foulke home, with the members of the Cycle club as hostesses.

The evening session will open with music by the high school orchestra. Addresses of welcome will be made by Mayor Robbins and Miss Sarah Hill, for the Richmond federation.

Mrs. E. K. Sowash, of Middletown, will give the responses for the delegates. This will be followed by a historical sketch of Wayne county by Professor Harlow Lindley, of Earlham college.

The convention will close Friday afternoon with reports of chairmen and discussion by the state federation officers. At this session Miss Leona Thomas will play.

### MANY ATTEND

(By United Press.)

Richmond, Ind., May 21.—Large delegations of women from cities in the Sixth congressional district came here today to attend the district convention of the Woman's Federation of Clubs. It is believed that 300 visitors will be entertained here tomorrow.

## A. E. MARTIN NOMINATED

Will Run For Prosecuting Attorney of St. Joseph County.

Alfred E. Martin, of South Bend, formerly of this city, was nominated for prosecuting attorney of St. Joseph county on the Republican ticket at the primary held there Tuesday.

Mr. Martin while here took up the practice of law in the office of Watson, Tisworth & Gren and his many friends here are glad that he is meeting with success in South Bend. Mr. Martin is a capable attorney and at the primary just held won in an easy manner showing that he is well liked. Friends here would like to see him elected in November.

### FEDERALS EVACUATE

(By United Press.)

El Paso, Texas, May 21.—The Mexican Federals evacuated Saltillo early today after brief skirmishes according to advices received here at noon.

## J. ED. SMITH IS DIVORCED

Mrs. Martha Smith Gets Decree in Circuit Court Today.

Mrs. Martha Smith was granted a divorce this afternoon by Judge McGee from J. Ed Smith. The case was heard shortly after the noon hour and before the case being heard in court started. Mr. Smith did not appear against Mrs. Smith and the state was represented by Prosecutor Smith. Mrs. Smith alleged cruel and inhuman treatment and failure to provide.

## ROOSEVELT'S NAME DRAGGED IN PROBE

Mellen Said Former President Told Him New Haven Would be Let Alone by Him.

### IF HE DIDN'T SELL SHIP LINE

(By United Press.)

Washington, May 21.—Why Charles W. Morse in 1907 failed to get an absolute monopoly on Atlantic coastwise shipping was told today by former president Mellen of the New Haven before the interstate commerce commission. He said only the personal intervention of Theodore Roosevelt, then president, prevented him from selling to Morse the steamship line of the New Haven system for \$20,000,000. He went to Roosevelt, he said, when offered that sum, because he believed such a sale would give Morse a monopoly.

Roosevelt told him, he said that if the New Haven turned down the offer he would not be interfered with as long as Roosevelt was president. The offer was refused and when the attorney general filed suit later, no mention was made of a steamship monopoly.

## REPUBLICANS LEAD IN GARY PRIMARY

Returns Indicate That Vote is Almost Double That of the Democrats Yesterday.

### PROGRESSIVE VOTE IS 414

(By United Press.)

Gary, Ind., May 21.—Though complete returns will not be in until tonight, it was evident today that the Republicans rank first in the primary held here yesterday. The Democrats were in second place and the Progressives third. Partial returns show 5,100 Republicans; 2,255 Democrats and 414 Progressives voting.

### REPUBLICAN SECOND.

(By United Press.)

South Bend, Ind., May 21.—Democrats ranked first in the county primaries here, according to complete returns which were made today. They cast 4,180, Republicans cast 1,559 and Progressives 836.

### PROGRESSIVE VOTE LIGHT.

(By United Press.)

Evansville, Ind., May 21.—Democrats have 3,853 votes in the primaries here. The Republican vote was less than 2,500 and the Progressive vote less than 300.

The Hudson bay traffic is expanding constantly. The number of vessels entering that water last year was greater than ever before.

## SCHEME TO BEAT CIVIL SERVICE

Uncovered by Government Agents When Eight Men Prominent in Martin County are Arrested.

### INABILITY IS ADMITTED

So Claims Federal Agents When Four Defendants Got Other Four to Take Examination.

(By United Press.)

Indianapolis, May 21.—Eight men prominent in Shoals, Ind., and Martin county were arrested on indictments today by agents of the federal government, charged with conspiracy to defeat the civil service laws. Government agents here say this is the best organized attempt to beat the competitive examination system ever discovered.

The men under arrest are as follows: Samuel Reneker, former rural mail carrier; Harvey E. Dutre school teacher at Mitchell, Ind.; John C. Carters, former deputy internal revenue collector at New Albany; William J. Strange, county assessor of Martin county; Ambrose Strange, his son; J. W. Jackson, editor of the Shoals News; William G. Sherick, county clerk of Martin county; Claud Armstrong railway mail clerk.

The government charged that Reneker; Ambrose Strange, Carters and W. J. Strange applied for positions of revenue collectors subject to examination to be held at New Albany; that they prevailed on Jack Dutre, Sherick, Jackson and Armstrong to impersonate them before the examiners and to take the examination for them.

The line of prosecution will be that the applicants believed themselves unable to pass the examination and that they prevailed upon their friends to act in their stead.

## HUERTA IS ALL "HET UP"

Denies he Instructed Envoys That he Consented to Retire.

(By United Press.)

Mexico City, May 21.—General Huerta was incensed today over the report circulated that he had authorized his envoys to agree to his retirement. He emphatically denied the report and declared "the envoys have not been instructed that I will resign. I am determined to hold on until the end."

### "Stop Thief"

One of the most important commodities in the world is TIME.

To waste time is to neglect opportunity. One of the greatest time savers in the world is advertising in the daily newspaper.

It puts the world's work before you at a glance and makes it possible for you to decide your problems without wasting hours in looking around.

It is the short cut to supplying your wants.

The advertising is everlasting crying out to the time wasters the warning "STOP THIEF!"

# Floor Coverings--Draperies

Our pronounced success in this department this season, is a source of gratification to us, and a positive proof of the high quality and character of our carefully selected patterns, colorings and designs. To those who have not yet supplied their needs in Rugs, Linoleums, Mattings, Fillers, Oil Cloths, Lace Curtains, Fancy and Plain Curtain yardage, and Silk Drapery yardage, we extend a cordial invitation to visit this department and become convinced of its merits as others have already done.

## SAYS BUSINESS MEN CAN HELP

Dr. Hurty Declares That Race Will be Destroyed Unless Insanity is Prevented.

### INCREASES VERY FAST

No Curb For Defectives But he Declares There is a Preventative  
—Means Higher Taxes.

### HEALTH PROGRAM.

We fortunately could find no cure for yellow fever, so we searched out its prevention.

Either prevent the defective or society will break under the strain and the race will be destroyed.

The business of the business man is to tend to the good business of preventing.

Indiana has 6,000 insane. In twelve years the average life of each has increased 8 years, making a total of 48,000 years.

(Dr. Hurty, writing for the United Press, tells the menace of the insane and other defectives. In a forthcoming article he will tell in plain language how to put aside this menace.—Editor's note)

Indianapolis, Ind., May 21.—Stating that society will break down under the strain and that the race will be destroyed unless the defective (insane) is prevented, Dr. J. N. Hurty, state health commissioner, calls upon business men to do the prevention work. He cites statistics to show that insanity, pauperism, and feeble-mindedness are increasing at a more rapid rate than the population and shows an enormous increase in taxes because of the good care taken of insane, lengthening their lives. He writes for the United Press:

BY JOHN N. HURTY.

(State Health Commissioner.)

Our present method of conducting affairs can only end in higher and still higher taxes. Insanity, crime, pauperism and feeble-mindedness are increasing at a more rapid rate than the population.

The statistics which prove this fact cannot be brushed aside as Napoleon did the chessmen when the

automaton mated him in a few moves. It will avail nothing to say "statistics are always false—all statisticians are liars." The fact is before us that the defectives are increasing faster than the population. Society can either break itself against that rock or take cognizance of it and remain whole.

In the last twelve years, the duration of life of the insane, on account of our care, has increased eight years. We now have in Indiana about 6,000 insane under public care, and eight years added to the life of each one means 48,000 years of extra burden. Consider with this the further fact that since 1867 the ratio of the insane to population has increased from 1 in 1600 to 1 in 350, and it is plain that taxes must go higher if we continue in the course which increased the number and the length of life and these dependents. We fortunately could find no cure for yellow fever, and so we searched out its prevention. We are searching for a cure for human defectiveness, and there is no such thing. We must prevent the defective. It is the only way to purge him from the race.

The pity and sympathy which so fills the human heart impels us kindly to care for the protect the defective, but we make the mistake of only one half fulfilling the behest of these virtues. It is a pity that the defective exists, and as all our doctoring and other care only smooth his useless and frequently painful life a very little that same pity commands his prevention. We must prevent the defective or society will break down under the strain and finally the race will be destroyed. Sentiment and feeling also command the prevention of the unfit. We will certainly come to it some day or else we perish.

Without doubt, the biggest matter before the business men of today is the business of preventing defectives and preventing sickness and disease. If the business men don't take hold of the matter, then up go the taxes and down go the efficiency and strength of the human race.

The doctor points out the trouble and prescribes the cause and how to prevent it, and it is the business of the business men to attend to the good business of preventing.

### Pennsylvania Lines

#### Trains Changed.

Effective May 24th, train No. 241, running Sundays only over the Pennsylvania Lines, between Columbus, Ind., and Richmond, will be withdrawn. Week day train 233 will run daily on present schedule, leaving Rushville 6:35 p.m., including Sundays.

May 21-23

## Same Old Story.

In the primaries in St. Joseph county, the result, as far as the Progressive party is concerned, was the same as in other counties in Indiana, where primaries have been held this year—the vote dwindled at an alarming rate. In 1912, 5180 votes were cast for Albert J. Beveridge for Governor, from this county, and 3094 were cast for the Republican candidate. In the primary Tuesday the Republican vote was more than double the vote cast for the Progressive candidates.

In Olive township, St. Joseph county, at the primary not a single Progressive vote was cast. In this township in 1912 there were over one hundred Progressive votes. In this township in 1912 the Republicans cast fifty votes. In the primary 208 votes were cast for the Republican candidates this week.

The total vote in the St. Joseph county primary of all parties was very light. It is estimated that there are approximately 21,000 voters in this county. Of this number, only about 6,000 took part in the primary.

"The result of the primary is very gratifying, indeed, to the Republicans of St. Joseph county," said Gilbert H. Elliott, Republican county chairman, today. "Although the Republican vote in this county in 1912 was but little more than half that cast for the Progressive candidates, the Republicans votes in the primary yesterday was more than twice as large as the Progressive vote. Outside of one

ward in the city of South Bend and the city of Mishawaka the Progressive made a miserable showing. They had predicted that they would make a grand showing all over the city of South Bend. However, the figures tell a different tale. The Republicans of this county are active and from this time until election day they will make things hum."

## TARIFF NOT COSTLY EITHER

New Law Causes Loss to United States of \$63,000,000 in Month.

Washington, May 21.—Armed with tables of figures, Senator Smoot of Utah today told the Senate that the total loss to the commerce of the country in the month of April as a result of the passage of the Underwood tariff law had been \$63,000,000. He based this, he said, on reports as to increased importation. He said this was at the rate of \$766,000,000 loss a year.

# MAY NOT STOP ANNUAL EVENT

School of Instruction For State Militia Will be Held Unless There is War.

JUNE 22 TO JUNE 26 INCLUSIVE

Many New Features Added to This Year's Program According to Announcement Made Today.

(By United Press.)

Indianapolis, May 21.—Unless there is a war with Mexico, the annual school of instruction, for officers of the state militia, with several new features, will be held at Fort Benjamin Harrison, June 22 to 26 inclusive. Over 150 officers will be here at that time, according to announcement by Adjutant General Bridges today.

Date for the annual national guard encampment has not yet been set. It has been delayed by the Mexican trouble. The date will be set by the war department, and Bridges says there is a desire to avoid the encampment if mobilization orders are to be issued later. With the crisis gradually subsiding, it is the general opinion now that the date for the encampment will be set soon.

More properly speaking, it will be a maneuver camp this year. Every second year the encampment is under charge of the war department and on that year is called a maneuver camp. The encampment last year was held about July 1.

The officers who must attend are colonels, majors, captains, lieutenants, first sergeants and quartermaster sergeants of the infantry regiments. They will receive exactly the same treatment privates receive during the regular encampment—will be mustered into four companies, drilled and disciplined with the end in view that they may be more efficient in the conduct of their duties as officers.

Reveille will be sounded at 5:55 o'clock. Twenty minutes will be given for dressing, and then comes breakfast, sharp at 6:15. The officers will be under practical instruction of drill from 7 to 11:45 a. m. and from 1 to 9 p. m., and the drill "will be no snap."

Among the new features this year will be the presence of a "school for cooks." Fred W. Jessup of Frankfort, Ind., who was recently sent to Fort Riley for six weeks of instruction as army cook, and who stood at the head of the efficiency list there, will be in charge of the cooks at the officers' school. He will himself be under a commissary officer. These cooks will cook for the officers, and their drill in this department will be as strict as that of the officers in theirs, for they are to return to their companies and battalions. There are two cooks to a company and eight to

a battalion. There will be nine cooks at the school.

Major N. F. McClure of the Fifty cavalry is the officer tentatively selected to be chief instructor of the school.

Probably for the first time, the artillery companies will attend the state maneuver camp at Fort Harrison. The reason for this is that the artillery camp to have been held at Fort Riley has been called off. This action was taken because so many officers were at the Mexican frontier that not enough were left to serve as instructors for the artillerymen. General Bridges said that this school was not an exception. Very many similar schools have been postponed or discontinued altogether this season because of the Mexican crisis, he said.

If the maneuver camp is held, the recently reorganized signal corps and the hospital corps, together with the artillery from Fort Wayne, Indianapolis and Rockville probably will be here.

# SEVENTY CHILDREN ENTER THE CONTEST

Will Try For Prizes Offered by Chamber of Commerce For Best Appearing Yards May 30.

## PROMOTERS ARE ENCOURAGED

L. B. Smelser, secretary of the Chamber of Commerce, announced today that seventy children had entered the prize contest for the best appearing yards arranged by the Chamber of Commerce. J. H. Scholl, superintendent of the public schools, had charge of the entry list. The prize of three dollars, two dollars and one dollar will be awarded Decoration Day.

General orderliness will be the prime thing taken into consideration by the judges. The back yard as well as the front yard and lawn will be viewed by the judges and all considered in awarding the prize. The promoters of the contest feel very much encouraged because so many children have taken interest enough in the event to enter. The judges will go about the city in automobiles May 30, and see all of the entries.

## Card of Thanks.

To the many kindhearted friends who in the hour of my bitter affliction sent so many and such beautiful tokens of consolation and esteem I most gratefully tender my heartfelt thanks and pray that a merciful Providence will save them from such awful calamity as befell me and my little ones in the sudden death of a husband and father and may our heavenly Father have you always in His keeping.

MRS. LILY D. FITZGERALD.

Russ Bleaching Blue, much better, goes farther than liquid blue. Get from any grocer.

# INDIANA MAN ESCAPES KNIFE USING MAYR'S STOMACH REMEDY

Charles Inman Able to go to Work After Operation Was Advised.

Charles Inman, 424 East Chestnut Street, Hartford City, Ind., was desperately ill. He was advised to go to Fort Wayne for an operation.

Then he took Mayr's Wonderful Stomach Remedy and in a short time was able to go back to work. In a letter he said:

"My disease started seven years ago. I had to give up and go to bed. Four doctors said they could not cure me unless I went to Fort Wayne to be operated on, and that it would cost \$150 or \$200. My daughter saw your advertisement and I took your treatment. In three weeks I went to work and haven't missed but one-half day since from sickness. It surely saved my life."

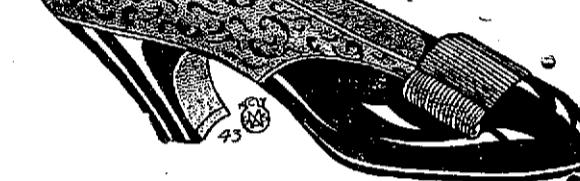

Similar stories of health restored are told in letters from people all over the United States. Mayr's

Wonderful Stomach Remedy is known everywhere. The first dose proves—no long treatment.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid secretions and removes poisonous matter. It brings swift relief to sufferers from ailments of the stomach, liver and bowels. Many declare it has saved them from dangerous operations and many are sure it has saved their lives.

Because of the remarkable success of this remedy there are many imitators, so be cautious. Be sure it's MAYR'S. Go to Frank E. Woltz's drug store and ask about the wonderful results it has been accomplishing—or send to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting street, Chicago, Ill., for free book on stomach ailments and many grateful letters from people who have been restored. Any druggist can tell you its wonderful effects.

## EASTERN TEAMS INVADE WEST

Several Things in Baseball May be Solved on First Trip Around Circuit in National.

### GIANTS ARE TUNED FOR TOUR

Detroit Tigers Also Face Harder Battles in Eastern Cities But Are Going Good.

(BY HAL SHERIDAN.)  
(Written for United Press.)

New York, May 21—By the time we are ankle, knee or waist deep in June there may be several things which have gone unanswered in May that may begin to show signs of solution. The National League teams are more or less up to their necks in their first Western invasion, while the American League forces of the West are trailing over the sodden fields of the East.

Up to and including this point west has met West and East East, but when the intersectional clashes scamper along a real size up of the situation begins to shape itself into a sort of form that permits the doppers to use up yards of paper in figuring, and then find in October that their figures were worth just about as much as the paper they scribbled on.

Insofar as National league matters are concerned Manager McGraw expects to return to the Polo Grounds in June looking much better, personally speaking, than he did when he started his Western trip. When McGraw hit Pittsburgh the Pirates had won 15 games and lost 4, which indicates considerable ball playing.

Clark's crew, however, had been tossing with the late lamented Chicago Cubs, St. Louis and Cincinnati. McGraw had had the scrapping Phillies, Wilbert Robinson's Brooklyn Dodgers and Boston to argue with. Now the tables have been switched. If they keep the bit in their teeth and continue their dash over the prostrate forms of the Eastern teams during this session as they did over the Western half of the circuit, it will be a long hard chase before they are caught.

McGray has Mathewson, Tesreau, Marquard and Damaree, the big Four" tuned for this Western tour and expects to deliver. He figures on the Pirates getting on the receiving end of several hard, solid wallops before they are through with the Eastern bunch. It is, so far as any one is able to figure out, largely a matter of Clark's pitchers continuing to come through. McQuillen, the come-back, has borne the brunt of the pastime of standing opposing batsmen on their heads so far. Lurking in the back-ground Clark has Bob Harmon, too, who has shown but little during the early period. When the sun begins to boil down, however, and Harmon loosens up he should be a big help.

Harmon has been guilty of pitching some rattling games and with the support the Pirates assure a boxer to say nothing of some effective sticking on the side, the ex-Cardinal may yet come along with Mowry and Koney and live down the fact that he played in St. Louis.

With Detroit still setting the pace for the American League as this switch in the line of battle occurred,

Jennings also faced a stiffer fight to keep to the fore. Instead of the St. Louis Browns, White Sox and Cleveland Naps, the Tigers have had nothing to worry about except the wild and untamed Yanks or Frank Chance, Walter Johnson, Boehling the Boston Braves and a team in Philadelphia known as the Athletics.

That's all they have had to fear during their first Eastern trip in the tussle to keep in the lead. If Walter Johnson doesn't kill some of the batters maybe the Mackians artillery will also spare a fielder or two and Jennings will get back to Detroit and the West in the same spot with the other teams holding the balance in the percentage column.

When Connie Mack decides to land marines, however, occupy first place and declared martial law it will take sniping from the entire league to dislodge him. If Jennings is able to jump in and cop the customs house during the firing, then it may be another story, but that is on ahead and why swim a river when the troops will soon be along with pontoon bridges.

Those Feds are the sluggest slugs in captivity. Organized baseball magnates say it looks like they have great batting only because the pitching is so poor, but whatever the reason may be they have sure done some slugging.

In 125 games the Fed teams have driven out 48 home runs and enough doubles and three baggers, for 458 extra bases. They nailed out a total of 1,121 base hits. The National League in 120 games drove out 939 hits, good for 317 extra bases and including 24 home run swats. The American League trails in this swatting comparison, having driven out only 1,064 hits in 140 games. For this stretch Ben Johnson's outfit slammed for 110 extra bases, including 12 home runs in the collection of knocks.

## TRACK MEET WILL BE HELD FRIDAY

Five Teams Will Compete at Fair Grounds in Shelbyville—Event Postponed Once.

### LITTLE HOPE FOR LOCAL TEAM

The track meet of the Central Indiana High School league will be held in Shelbyville Friday afternoon. The meet was to have been held there in connection with the oratorical contest May 8, but on account of the weather it was postponed. Five schools will be represented at the track and field meet, they being Shelbyville, Rushville, Greenfield, and Greenwood. Sheridan was in the association but withdrew its entries from the meet.

The Rushville team has little hope of winning the event but hopes to make a good showing. The boys have been working daily and considerable interest is being shown. Several high school students from the local school will accompany the team to Shelbyville.

The team from the local school will be composed of seven men. In the sprints, Jas. Shanahan, Oso Farthing and Merrill Wilson have been entered. Stacy Hinkle, James Laughlin and Hershel Schmull are the distance runners and the weight events will be taken care of by Charles Frazier, Hinkle and Farthing. Shanahan, Hinkle, Farthing and Wilson have been entered in the jumps. A relay team may be entered. The merchants of Shelbyville have donated fine gold, silver and bronze medals for the winners.

### HARD GAME FOR RED SOX.

The Connersville Alligators will be the attraction at Arlington Sunday meeting the fast Red Sox team of that place. Manager Kennedy of the Red Sox is expecting a hard game. Cooley will pitch for Connersville and Orme will be in the box for Arlington.

ROOTS MOTHER'S BREAD

### MANY QUAIN TOUCHES MAKE THE SUMMER FROCK DISTINCTIVE

Sheerness, small patterns, quaint figures and flowers, a few stripes and various combinations of cotton and silk is the recipe after which most of the summer frocks are fashioned as far as materials are concerned. However, there are numberless effective touches that may be added to give distinction; there is the Japanese collar in various degrees of flare, chemisettes and frills and cleverly arranged girdles and sashes, to say nothing of the numberless other styles. The afternoon frock shown in number 8353 is developed in a flowered cotton crêpe de Chine and the chemisette is of organdy. This dress may be copied in size 36, with 4½ yards of 36-inch material.

Most of the new cottons are wide, averaging 38 to 40 inches; in price they range from 75 cents and up. One of the most favored neck arrangements is shown in number 8365-8366; the bodice is cut in raglan effect and the neck is cut low on the shoulders with a small standing collar of black. Dark blue crêpe de Chine forms the bodice and skirt and the frills are of black taffetas. It requires 2 yards of 36-inch material to make this blouse in size 36; the skirt requires 3½ yards of the same width.

Number 8353 sizes 34 to 42.  
Number 8365 sizes 34 to 44.  
Number 8366 sizes 22 to 32.  
Each pattern 15 cents.

To obtain either pattern illustrated fill out this coupon and enclose 15 cents in stamps or coin. Be sure to state number of pattern and size, measuring over the fullest part of the bust. Address Pattern Department, care of this paper.

## EXPECT RADICAL CHANGE TO COME

Reorganization of Home Missionary Board of Presbyterian Church Looked For Soon.

800 DELEGATES ATTEND

Interest in Election of Moderator to Succeed the Rev. J. T. Stone—Politics Played.

(By United Press.)

Chicago, Ill., May 21.—A radical reorganization of the home missionary board of the Presbyterian General Assembly was the chief discussion among the 800 odd delegates who arrived in Chicago today from all sections of the United States and a number of foreign countries. In addition to the plans for entertaining the certified representatives, arrangements were also made to provide for the reception of 700 other visitors expected to attend the assembly, which is to be in session for ten days.

Insurgents in the Presbyterian church are determined to reorganize the home missionary board so that it will be of more service, according to Oliver R. Williamson, in charge of the general arrangements for the assembly, which is being held at the Fourth Presbyterian church, the pastorate of Rev. John Timothy Stone, the retiring moderator. The claim has been made, Williamson states, that the home missionary board has become so centralized, and so institutionalized that the churches and home missions field has had no voice in the policies of the church. It is to correct this condition, that the progressive element in the assembly wishes to overhaul that body.

"For years," said Williamson, "a certain element in the church has foreseen that the Presbyterian policy of establishing missions on the frontier in this country is a mistaken program. This country has outgrown its 'frontier.' The opportunity for missions in this day and age lies in a social service department, not on the frontier, geographically, but on the firing line socially. Night schools to educate the immigrant, organized efforts to relieve distress in our local neighborhoods, and similar activities constitute the cause for which the progressive members are working."

"Opposed to this faction, is the conservative element, to be found in

### HAVE YOU A CHILD?

Many women long for children, but because of some terrible physical derangement are deprived of this greatest of all happiness.

The women whose names follow were restored to normal health by Lydia E. Pinkham's Vegetable Compound. Write and ask them about it.

"I took your Compound and have a fine strong baby." — Mrs. JOHN MITCHELL, Massena, N. Y.

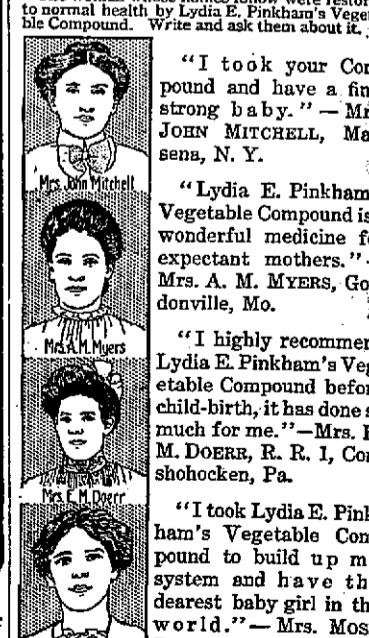

"Lydia E. Pinkham's Vegetable Compound is a wonderful medicine for expectant mothers." — Mrs. A. M. MYERS, Gordonville, Mo.

"I highly recommend Lydia E. Pinkham's Vegetable Compound before child-birth, it has done so much for me." — Mrs. E. M. DOERK, R. R. 1, Conshohocken, Pa.

"I took Lydia E. Pinkham's Vegetable Compound to build up my system and have the dearest baby girl in the world." — Mrs. MOSE BLAKELEY, Imperia, Pa.

"I praise the Compound whenever I have a chance. It did so much for me before my little girl was born." — Mrs. E. W. SANDERS, Rowlesburg, W. Va.

"I took your Compound before baby was born and feel I owe my life to it." — Mrs. WINNIE TILLIS, Winter Haven, Florida.

Every Day Beginning at 2 P. M.

Calumet Baking Powder Company, Chicago, Ill.

any church or organization, who look askance at such a forward step and are hostile to any move made toward allowing the churches and home missions field has had no voice in the policies of the church. It is to correct this condition, that the progressive element in the assembly wishes to overhaul that body.

At this session the 126 held by the Presbytery of this country it is ex-

pected that the way will be paved for the Rev. E. P. Hill, of the McCormick Theological Seminary, Chicago, to succeed the veteran secretary of the home missionary board, the Rev. Charles L. Thompson who, it is reported, will retire in June. Dr. Hill admitted today that he had been approached on the subject of filling Dr. Thompson's place, when the latter resigns.

There is widespread interest in the election of a moderator to succeed the Rev. J. T. Stone. For many years various parties and groups have gone to the assembly with vigorous political campaigns for the election of particular candidates. But at last year's assembly at Atlanta, Ga., a sudden reaction came from this political mire pulling, and since that rebuke was administered, delegates said today, there have been no open moves made by any groups to "put over" a certain candidate. The delegates today were scanning the list of commissioners in search of available material for the highest office within the gift of the church.

Women purser are now employed on some of the Hudson river boats.

**County News****Union Township**

Mr. and Mrs. Wayne Werking visited Will Frye and family Sunday.

Mr. and Mrs. Will Hall and Mr. and Mrs. Will McMillin took dinner with David Kirkpatrick and family Sunday.

Jesse Gilson and family spent Sunday with Joseph Vandament and family.

Al Sharp and family visited Mr. and Mrs. Simon Borders Sunday.

George Billings and family spent Sunday with Mr. and Mrs. E. A. Billings.

Ed Dolan and John W. Logan have purchased new touring cars of Ben F. Jones.

Rue Miller and family of Walker township, Frank Logan and family and Ross Logan and family took dinner with John Logan and family Sunday.

John Gordon and family, Mr. and Mrs. Homer Hall and Mr. and Mrs. Elbert Gordon attended church at Center Sunday and took dinner with Mr. and Mrs. Al Rhodes.

William Ertle recited a recitation at Sunday school Sunday morning and Miss Ozella Clifton sang a solo which was appreciated by everyone.

Walter Carson and family took dinner with Mr. and Mrs. Joel Carson of Rushville Sunday.

Mr. and Mrs. Frank Logan and son Russell spent Sunday evening with Mr. and Mrs. Ora Smith and son Wayne.

John W. Logan, Ross Logan and Ben F. Jones left Tuesday evening for Toledo, Ohio, and will return home Friday. They will make the trip home in automobiles.

Orville Biggs has purchased a new Ford automobile.

**Summer.**

Mrs. Emma Fall took dinner at Rev. Jacob Hester's Sunday.

Mrs. Ella Barnard has the measles and there are seven children in the family to have them. It is thought that Mrs. Barnard got them at Indianapolis.

Albert McMichael and family, Rev. Pearce and family, and Claude Rigbee and family were entertained at dinner at Emerson Miller's, Sunday, after church.

Rev. and Mrs. Daniel Ryan were visiting Joseph Hardin and family, Wednesday.

Rev. Thomas H. Nelson, Supl. of the Pentecost bands of the World and daughters, Grace, Fannie and Flora and son, Harold and Howard F. Pressmill and family, of Indianapolis, came in Mr. Nelson's touring car, Saturday, to spend the day with D. M. Pressmill and family. They took a ramble in the woods along the river in the afternoon and were delighted with the scenes of nature since they were tired of the scenes of the city.

**Plum Creek.**

The little daughter Eloise of Mr. and Mrs. John Nipp is getting over the measles nicely.

Corry Kiser and family entertained several young people Sunday evening.

Mr. and Mrs. J. P. Scott motored to Munice Sunday to visit their daughters.

Walter Carson and family attended the funeral of Henry O'Neal at Rushville Wednesday. He was a pupil of Mr. Carson's while teaching school.

Little James Johnson is still getting subscribers for his paper as he is striving hard to win the pony. Success to you James.

Mr. Will Prine and his sister Miss Maggie and Mr. and Mrs. Charles Mathews, were entertained by Mr. and Mrs. George W. Kemmer Sunday evening.

It would be well for the people to keep a close watch on their stock as the hog owned by Ed. Hod which was bitten by the mad hog has gone mad.

It was the same hog which bit the Shields child who is away now taking treatment.

The Aid society still continues to meet with Mrs. James H. Hayes on Thursday afternoon for the purpose of quilting.

Millie Vandermin entertained several young people of Rushville and the Messers Johnnie Blessinger and Vern Bell of this neighborhood, last Sunday evening.

**Mauzy.**

Mrs. Tina Kirkwood and son Everett Little of Tippecanoe county, Ohio, and Mr. and Mrs. Kirkwood of Connersville were visiting friends and relatives here last Sunday.

Chase Bussel of Indianapolis visited his brother Guy here last week.

Mrs. Hattie Griffin is the guest of her daughter, Mrs. Jennie Alexander, in Indianapolis.

Mrs. Frances Hurst of Knights-town is the guest of her daughter, Mrs. William Morris.

Mr. and Mrs. Elmer Wynn spent the week end with relatives in Harrison, Ohio.

Mrs. Catherine Kirkwood, Mrs. Sarah Rustin and Miss Emily Daubenspeck took dinner with Mrs. Florence Wynn Tuesday.

Mrs. Emma Smith and son Dolores of Rushville spent the week end with Miss Blanch Foster.

**SCHOOLS HOLD AN OPEN HOUSE**

Continued from Page 1.

There is no display of cooking as the laboratory was closed two weeks ago.

A cloud of dust greeted a Republican reporter this morning as he approached the building. It was made by some of the industrious boys of the Havens building who were preparing for the visitors. They were very anxious to be on dress parade. The interior of the buildings, both the large halls and in the rooms, was delightfully decorated with spring flowers. The sweet odor of the flowers pervaded the whole building.

Visitors at the Havens not only enjoyed the exhibit of the year's work but heard many of the recitations. In Miss Elizabeth Waite's room where the children of the primary grade are taught, there were some excellent examples of work accomplished. The matting pieces were especially well done. Miss Waite furnished the designs but Claude Jones, one of the pupils, completed a piece from an original design which was a revelation to the teacher as well as to all of the visitors who today witnessed it. There were also examples of paper folding and mountings and printing.

The noteworthy feature of the display in room No. 2 A, taught by Miss May Meredith, the school principal, was a display of water color work. This adorned the walls of the room. There were also examples of writing, paper folding and crayon work.

The water color work was also a prominent feature of room No. 2B, taught by Miss Edith Uiner. Little pieces of furniture made of paper were also cleverly executed by the children of this room. Crayon work and cut-out pieces were also made by Miss Uiner's pupils and displayed to advantage.

In Miss Georgia Morris' room, No. 4, some fine examples of sewing were on display. The girls of the room have made many sorts of useful things, all of which received the compliments of the visitors today. There were also examples of water color work.

The matting pieces were the dominant part of the display in Miss Katherine Petry's room, No. 3. Miniature floor mats and other designs were exhibited. The pupils have showed fine examples of writing crayon and water color work.

The wood work display in room No. 5, taught by Miss Belle Forsythe was the attractive part of the display there. The individual exhibits showed ability among the boys of the room. There were also displays of other things done during the year.

**POSED AS ADVANCE AGENT, GOT \$20**

Today Columbus Police Are Looking For John S. Walsh Who Asserted he Was U. S. Cavalryman.

**HE PASSES A BOGUS CHECK**

(By United Press.)

Columbus, Ind., May 21.—The police today were looking for John S. Walsh, who wore the uniform of a United States soldier, claimed to be a lieutenant in the Third United States cavalry and asserted he was acting as advance agent for a hundred cavalrymen who were on a hike from Texas City, Texas, to Fort Benjamin Harrison, near Indianapolis. He cashed a bogus check for \$20 which caused the police to be set on his trail.

Walsh came into town last night and acted like a regular soldier. He ordered a big batch of supplies for the alleged hundred cavalrymen who were expected to arrive here some time today and spend a few hours in Columbus. Advices from Indianapolis are to the effect that no such hike as described by Walsh is being made. He used the assistant postmaster to help him in cashing the check.

**CARL VANDERGRIFT**

Crack Infield Utility Man With the Hoosier Feds.

Carl Vandergrift, former second baseman for the Fort Wayne team of the Central League, who was a member of the pennant winning Indianapolis club of the Federal League last year, was retained by Manager "Whooch Bill" Phillips of the Hoosiers this year because of his wonderful ability to play inside ball. Vandergrift recently joined the Phillips squad, having come from South Carolina, where he was coaching a college baseball team.

**KNIGHTS TEMPLARS MEET.**

(By United Press.)

Washington, Ind., May 21.—The Knights Templars commanderies of Washington, Vincennes, Sullivan, Olney, Ill.; Mr. Carmel, Ill.; Seymour and Bedford held a joint celebration of ascension day here today. A parade of uniformed Knights and a reception and banquet were features planned for the day.

**REVOLT IN THE CAPITAL FEARED**

Federals in Mexico City Are Preparing to go on Rampage and Huerta Overthrow Nears.

**UNCLE SAM MAY USE ARMS**

In Order to Make Possible Landing of Supplies For Rebels Who Are at Tampico.

Washington, May 21.—A reign of terror, during which the lives of hundreds of Americans would be endangered, is imminent in Mexico City.

Conditions in many sections of the republic are described, in messages received here, as turbulent, and it is feared the Federals at the capital will revolt against Provisional President Huerta and precipitate general rioting.

The Administration has decided it will use arms, if necessary, to insure the safe landing at Tampico of munitions of war consigned to the Constitutionalists in order that they may hasten the elimination of Huerta.

Acting Secretary of the Navy Roosevelt threw light on the decision of the Administration to maintain Tampico as an open port. He did not go into details, but he said enough to show that the Administration has definite ideas about how far it will go to keep the port open.

The only individual in the world who has any desire to close Tampico, if being now a Constitutional port, is Huerta. The only reason he would want to blockade and close it is to keep vessels from getting in with cargoes of arms and ammunition for the Constitutionalists.

Mr. Roosevelt said:

"If any force, Constitutional or Federal, should attempt to close the port of Tampico, it would be contrary to the wishes of this country. We are desirous of seeing the port

open for commerce. The United States would make representations and if these failed—"

Mr. Roosevelt said "maybe" the United States then would use force.

Huerta's two gunboats are now at Puerto Mexico, where they are being watched by United States warships.

If Huerta should order them to Tampico to stop shipments of arms for

the Constitutionalists, the United States, according to the statement of Mr. Roosevelt, would see that they

were unsuccessful.

Although the United States has

given its moral and indirect support

to the Constitutionalists in various

ways, this is the first definite, material step, savoring something of an

actual alliance, which it has taken.

It is further understood that

Americans who desire to return to

Tampico may now do so under the

protection of Admiral Mayo's war-

ships, but the State Department is

not yet advising them to go back.

The general slackening of tension

in the Mexican situation resulted to-

day in the consideration of the plans

at the Navy Department, which in-

cluded the withdrawal of a part of

the fleet now on the east coast of

Mexico.

The general slackening of tension

in the Mexican situation resulted to-

day in the consideration of the plans

at the Navy Department, which in-

cluded the withdrawal of a part of

the fleet now on the east coast of

Mexico.

It is further understood that

Americans who desire to return to

Tampico may now do so under the

protection of Admiral Mayo's war-

ships, but the State Department is

not yet advising them to go back.
